

Studio Julian Charrière

INTERNSHIP: Production Assistance

Studio Julian Charrière is offering a three month paid for credit summer internship position.

About the artist:

Julian Charrière is a French-Swiss artist based in Berlin, Germany, whose work bridges the realms of environmental science and cultural history. Marshaling performance, sculpture, and photography, his projects often stem from fieldwork in remote locations with acute geophysical identities such as volcanoes, ice-fields, and radioactive sites. To date, his work has explored post-romantic constructions of 'nature', staging tensions between deep or geological timescales and those relating to mankind. Charrière's approach further reflects upon the mythos of the quest and its objects in a globalized age. Deploying seemingly perennial imagery to contemporary ends, his interventions at the borderline of mysticism and the material encapsulate our fraught relations with place today.

Internship conditions:

The internship will be full-time, Monday through Friday, start date 17.07. until 11.10.2024. The position will be paid. Let us know if you have any conflicts as we are willing to be flexible for the right person.

Candidates must be highly-motivated, independent-thinking problem solvers. The studio is a busy place with many things going on all at once and the ideal intern will be someone who can boldly integrate themselves into the system, finding ways to be helpful at all times.

The intern will work alongside a diverse team of architects, engineers, and artists alike. The intern will find oneself working in a fully-equipped professional workshop.

A successful internship, in most cases, can be the start for a long-time cooperation.

Tasks will include (but are not limited to):

- Art handling
- Helping in the production
- Crating and preparing works for transport
- Conducting project-based experiments with a variety of tools and materials
- Workshop maintenance
- Various studio assignments

Required skills:

- Good technical reasoning capabilities
- Strong interest in diverse materials / working techniques
- Ability to occasionally also handle heavy objects
- Spoken fluency in English and German

Application:

If you are interested, please provide information about yourself and get in touch with the studio assistant:
